MISSION STATEMENT

Cleaning Resource Systems Inc. is a full service commercial and construction cleaning company. We are a service-oriented organization that prides itself on our ability to provide extraordinary customer service and quick response to our customer requests. Our customer base is diverse and consists of many long term clients.

Our mission statement emphatically states our company's philosophy on management and on our business practices:

Together We Will...

...provide consistent quality and responsive service to the customer.

...listen to, respect, and develop the employee.

...share in the success of the company.

...reinvest in the community.

...do our best to reduce our environmental impact.

...be ethical in all that we do.

We have developed relationships with many local and national companies throughout the years and our attention and responsiveness to them has been one of our greatest advantages. Fast, dependable and courteous service is what we provide. Not only do we try to uphold the integrity of our industry, we try to give back to our community that has enabled our growth.
